

FIX IT FIRST!

- We already have zoning that allows for secondary suites in about half of Wards 7,8,9 and 11
- The City of Calgary has no idea of how many illegal suites exist. There is little enforcement, maintenance, inspections or control over the existing ones.
- FIX IT FIRST, before adding more to the mix.
- Rezoning a ward will not make more people legalize their existing suites, but it will make it easier to add additional suites
